

PETEX: IPM SOFTWARE LICENCE DONATION

Petroleum Experts has proudly granted the Educational License of IPM Suite Software to the Mehran University of Engineering and Technology Jamshoro, Pakistan

Petroleum Experts (Petex) is an engineering company which develops a set of petroleum engineering software tools. The company's petroleum engineering software tools enable the oil and gas industry to model dynamically their oil reservoirs, production and injection wells and surface pipeline networks as an integrated production system.

The IPM suite of tools:

GAP, PROSPER, MBAL, PVTP, REVEAL and RESOLVE, is the industry standard for integrated field modeling and production optimization.

Institute of Petroleum & Natural Gas Engineering, Mehran University of Engineering and Technology, Jamshoro, Pakistan, would like to express gratitude to Petroleum Experts PETEX (Engineering Software Development) for donating the Software IPM (Integrated Production Modeling) equivalent to **£ 1,333,300.75** to the Campus.

The Agreement for the Educational Licenses of IPM Suite has been signed between Petroleum Experts and Institute on 28-Nov-2016, The Software is Licensed Exclusively for teaching and Tutorial Purposes only.
