1.0 Introduction

The basic aim of the pre-qualification is intended to eliminate, early in procurement proceedings, constructors that are not suitably qualified to perform the contract. The pre-qualification specifically means selection of competent bidders prior to issuance of the invitations to bid. It is required for large and complex civil works contracts, turnkey contracts, and contracts for the fabrication of expensive and technically complex plant and equipment. This is to ensure that only firms with appropriate experience, a proven track record, and necessary annual turnover and that, can provide all the equipment required in a timely manner and will be only invited to submit bids. Thus assessment by an implementing agency of the suitability of firms to carry out a particular contract **prior** to being invited to submit a bid is a process called **prequalification**.

Mehran University is ISO-9001-2000-Certified and believes in attaining quality and appropriate usage of public funds. Therefore, in-order to achieve qualitative results, it has remained in practice of University to do major / minor procurement through Pre-qualified Contractors/ Firms, which is also in accordance with the Rule-27 of SPPRA Rules, 2010 (Amended 2013), Govt. of Sindh. Hence it is desired that Fresh Pre-qualification of Contractors/ Firms for Small, Medium & Large Works (Civil, Electrical & External Developments works) pertaining to above stated scheme of the University.

2.0 Sindh Public Procurement Rules 2010

When and how to engage in the pre-qualification process, is clearly explained in SPP Rules 27 & 28, 2010 (Amended 2013), Govt. of Sindh and same may be referred for further guidance.
